Subject: Sandel SN4500 Primary Navigation Display
TSO Minor Software Update A2.05 to A2.06

Dear Ms. Haifa Haj-Eid:

This letter is to advise that a minor software change has been made to the Sandel SN4500 Primary Navigation Display.

The software changes from software part number 82009-90 version A2.05 through the current version A2.06 are described in the attachments. The previously approved documentation (in accordance with RTCA/DO-178B) has been revised only in those areas that are affected by this change. As part of this revision, the source code, software verification test cases/procedures, were revised as required and the required tests were performed.

I hereby certify that the article listed above has been tested and meets the performance standards of: TSO-C113, "AIRBORNE MULTIPURPOSE ELECTRONIC DISPLAYS", incomplete TSO-C6d, -C34e, -C35d, -C36e, -C40c, -C41d, -C118, -C119b, and the applicable parts of CFR Part 21.

Sincerely,

Gerry Block,
President, Sandel Avionics
