## **ST3400 TAWS Database Release**

---

Date: March 31, 2008

Regarding: Updated airport database release

### **Reason**

Availability of updated airport database.

### **Applicability**

Applies to Sandel part number ST3400-xxx.

### **Description**

This release includes the following airport database file:

Airport cycle date: Cycle 0803, March 13, 2008

This release, provided by Jeppesen, contains updated airport and runway information.

This airport database release requires the use of the terrain/obstacle database files from August 2007. If the ST3400 unit has an older version installed then the terrain/obstacle database update must be purchased and installed at the same time.

More information including the databases and software update utility can be accessed on the Sandel website at:

[http://www.sandel.com/ST3400\\_TAWS\\_sup\\_database.php](http://www.sandel.com/ST3400_TAWS_sup_database.php)

Select "ST3400 Database Order Form". You will be contacted with pricing and download information.

Alternatively, a CD-ROM with the database files can be ordered by contacting the Sandel Sales Order desk at (760) 727-4900 ext. 1436.
